

2024 Candidate Survey on the Environment

Mae Flexer, Democrat
Senate District 29

1) Open Question:

CT Environmental Rights Amendment has been and will continue to be one of my top priorities. Also, comprehensive climate change legislation will continue to be a top priority.

2) Climate:

Will you support paying for increased investments in clean energy and our electric grid infrastructure to ensure a healthy environment that will reduce reliance on fossil fuel and nuclear energy (and ultimately reduce costs to ratepayers)?

- Yes

3) Nature-Based Solutions:

Will you support a stand-alone bill that authorizes and prioritizes the use of nature-based solutions (forests, trees, wetlands, riparian buffers, healthy organic soils, and other natural ecosystems) as the preferred alternative, where appropriate, across all agencies?

- Yes

4) Clean Cars and Trucks Emissions Standards:

Do you support Connecticut's adoption of the latest California emissions standards for cars and trucks?

- Yes

5) Environmental Rights Amendment:

Will you support an Environmental Rights Amendment to our State Constitution?

- Yes

6) Food Waste Diversion:

Will you support designating food scraps as a "recyclable" item and

requiring large-scale food generators to create plans to donate edible food?

- Yes

7) Neonicotinoids:

Will you help push for legislation to ban the sale and use of neonics for non-agricultural use in Connecticut?

- Yes

8) Rodenticides:

Will you support banning the use of certain rodenticides, with a few welldefined exceptions, to help prevent the deaths of its unintended victims?

- Yes

9) Environmental Justice:

Will you support a legislative fix to Connecticut's Environmental Justice statutes to include all polluting facilities?

- Yes

10) Bears:

Will you support legislation that requires humane responses to conflicts with wildlife such as providing better support for the public seeking help, removing attractants, minimizing shooting incidents, and strengthening programs to deal with orphaned wildlife?

- Yes

11) Tree Cutting Protocols:

Will you support legislation to require stronger science-based tree cutting protocols based on conservation values?

- Yes

12) Ranked Choice Voting:

Should Connecticut pursue Ranked Choice Voting?

- Unsure

Now that we have given people more opportunities to vote, like our new early voting system, we should consider this reform for some elections. This type of voting will take individual voters more time and we should ensure that they have that time to make these detailed decisions. And hopefully new no-excuse absentee ballot access will be approved by voters this year, making voting even more accessible.

- Yes
