

## 2024 Candidate Survey on the Environment

Raghib Allie-Brennan, Democrat  
House District 2

### 1) Open Question:

Over the past two years, I have actively advocated for several key environmental issues, particularly focusing on energy rates, accountability of utilities, and ensuring a reliable energy supply during our transition to renewable energy sources. My role as a member of the energy committee for six years has been instrumental in these efforts. I have worked diligently to pass two significant bills that address these concerns, holding utilities accountable and advocating for tougher laws to safeguard our environment and communities.

Additionally, I played a pivotal role in passing legislation to support the state's largest expansion of offshore wind energy and spearheaded the passage of crucial solar energy legislation. These initiatives are part of my commitment to promoting clean and sustainable energy solutions for our state.

Looking ahead to the 2025 legislative session, my top environmental priority will be to ensure that our state maintains a robust baseload power supply while continuing our transition to renewable energy.
