

2022 Candidate Survey on the Environment

Toni Boucher, Republican
Senate District 26

OPEN QUESTION

My environment goals include investing in clean water infrastructure, addressing raw sewage leakage; reducing plastic pollution; promoting mass transit; electrification of all train lines; and increasing clean air with greater use of electric cars, shared solar and alternative fuels. In 2018, I received highest Environmental Score in Senate and have been endorsed by CT Fund for the Environment in the past. I stopped a building of a superhighway, helped saved and fund two CT Farms, and helped to legislatively create the Norwalk River valley Trail. I am on the board of the Friends of Sherwood Island and voted and supported CT's Global Warming Bill that DEP commissioner Gina McCarthy proposed
