

2024 Candidate Survey on the Environment

Jane Garibay, Democrat
House District 60

1) Open Question:

This past session I supported 5004 and was very disappointed that it did not pass. So much work was done on it. After the Aging Committee the Environment is my top priority. I will be working on legislation to put air conditioning in nursing homes that is environmentally friendly.

2) Climate:

Will you support paying for increased investments in clean energy and our electric grid infrastructure to ensure a healthy environment that will reduce reliance on fossil fuel and nuclear energy (and ultimately reduce costs to ratepayers)?

- Yes
We have to have a plan that we follow to achieve our goals. Without a healthy planet there is no life.

3) Nature-Based Solutions:

Will you support a stand-alone bill that authorizes and prioritizes the use of nature-based solutions (forests, trees, wetlands, riparian buffers, healthy organic soils, and other natural ecosystems) as the preferred alternative, where appropriate, across all agencies?

- Yes

4) Clean Cars and Trucks Emissions Standards:

Do you support Connecticut's adoption of the latest California emissions standards for cars and trucks?

- Yes

5) Environmental Rights Amendment:

Will you support an Environmental Rights Amendment to our State Constitution?

- Yes

6) Food Waste Diversion:

Will you support designating food scraps as a "recyclable" item and requiring large-scale food generators to create plans to donate edible food?

- Yes
This is common sense. Some stores already donate food ready to expire to their local food banks. We have to require this from all stores

7) Neonicotinoids:

Will you help push for legislation to ban the sale and use of neonics for non-agricultural use in Connecticut?

- Yes

8) Rodenticides:

Will you support banning the use of certain rodenticides, with a few well-defined exceptions, to help prevent the deaths of its unintended victims?

- Yes

9) Environmental Justice:

Will you support a legislative fix to Connecticut's Environmental Justice statutes to include all polluting facilities?

- Yes

10) Bears:

Will you support legislation that requires humane responses to conflicts with wildlife such as providing better support for the public seeking help, removing attractants, minimizing shooting incidents, and strengthening programs to deal with orphaned wildlife?

- Yes

11) Tree Cutting Protocols:

Will you support legislation to require stronger science-based tree cutting protocols based on conservation values?

- Yes

12) Ranked Choice Voting:

Should Connecticut pursue Ranked Choice Voting?

- Yes

CANDIDATE COMMITMENT TO WORK ON ENVIRONMENTAL LEGISLATION

If you support any or all of our top priority legislation during the 2025 session, will you add your name as a legislative co-sponsor?

- Yes

Will you plan to attend our annual Environmental Summit in January?

- Yes

If requested, will you meet with CTLCV at least once during the legislative session to review priority legislation?

- Yes

I would like to touch base often during the session.
