

2018 Candidate Survey on the Environment

Bob Godfrey (Democrat)

House District 110

1) 100% Clean Energy by 2050:

Do you support transitioning to 100% clean energy by 2050 or sooner?

Yes

2) State Water Plan:

Will you support the plan as submitted to the legislature and affirm that water is a public trust?

Yes

3) Municipal Funding Pilot for Open Space:

Would you support legislation that would allow, but not require, certain municipalities to establish a dedicated fund to protect local open space, farmland and water resources through a limited conveyance fee on buyers of real estate?

Uncertain

I support the dedicated fund, but not at the cost of making housing less affordable. Perhaps a local (or better yet regional) sales tax surcharge (perhaps tied to gas guzzlers)?

4) Plastic Bag Pollution:

Would you support a statewide ban on single-use plastic bags (or a ban/fee hybrid) to significantly reduce plastic bag pollution in our state?

Yes

5) Gas Pipeline:

Will you support the repeal of the pipeline tax established in 2015?

Yes

6) Carbon Pricing:

Would you support carbon pricing for Connecticut?

Yes

7) Additional Comments:

Connecticut's environment is under attack by the federal government. We must replicate the environmental protections in state law before the federal government repeals them, as they seem focused on doing.
