- Yes

**Open Question:**

**What environmental issues have you worked on? What will be your top environmental priority for the 2021 legislative session?**

- My 20 year advocacy work has focused on gender equity issues and education most recently as the Executive Director of the CT Women's

Education and Legal Fund (CWEALF). As State Representative, I would bring my experience and unique skill set of building coalitions inside the legislature and among opinion-leaders to support bold environmental priorities.

The 20th District is the most diverse area of West Hartford, and is home to the CTFastTrak transit corridor, so my top priorities will be to:

1) Pursue opportunities to build a green economy and invest in complete streets projects that prioritize transit, electric vehicles, cycling and pedestrian use; 2) Reduce single-use plastic and foam products; and 3)

Reform the existing environmental justice law to allow communities to have significantly more involvement when new and potentially hazardous facilities are sited
