John-Michael Parker, Democrat

Will you support a stand-alone bill that authorizes and prioritizes the use of nature-based solutions (forests, trees, wetlands, riparian buffers, healthy organic soils, and other natural ecosystems) as the preferred alternative, where appropriate, across all agencies?

- Unsure

Only saying unsure here because I'm not yet committed to doing a stand-alone bill (though open to being convinced and looking forward to learning about the strategy). Completely supportive of the policy.
