

TESTIMONY IN SUPPORT OF HB 6830  
**AAC TRAINING FOR MEMBERS AND EMPLOYEES OF  
INLAND WETLANDS AGENCIES**

February 3, 2025

**To:** Co-Chairs Sen. Rahman and Rep. Kavros Degraw, and Members of the Planning & Development Committee

**From:** Lori Brown, Executive Director, CT League of Conservation Voters

Thank you for the opportunity to express our support for House Bill 6830 which will require training for all members of Inland Wetland Agencies.

The volunteers on these commissions play a critical role in every town and should all have the basic information needed to efficiently and effectively perform their duties as commissioners.

CTLCV fully supports a requirement that every IWWC member complete the DEEP Municipal Inland Wetlands Agency Comprehensive Training Program.

This Training is Essential. It is available online and can be completed at a volunteer's convenience.

Thank you for considering these comments and we encourage your support for passage of House Bill 6830
