

2022 Candidate Survey on the Environment

Quentin "Q" Williams Democrat
House , 100

OPEN QUESTION

I supported efforts in making the bottle bill more equitable. I have also been a strong voice on microgram policy, grid resiliency, heat pump adoption in new housing, and solar panels for new construction.

1) ENVIRONMENTAL JUSTICE:

- Yes

2) WASTE MANAGEMENT:

- Yes

3) POLYSTYRENE:

- Yes

4) PFAS:

- Yes

5) NEONICOTINOIDS:

- Yes

6) RODENTICIDES:

- yes

7) DIESEL BACKUP GENERATORS/DATA CENTERS:

- Yes

8) BEARS:

- yes

9) TREE CUTTING PROTOCOLS:

- Yes

10) COMMUNITY SUSTAINABILITY:

- Yes

This policy should be designed to find progressive funding and not through regressive taxation or fees.

11) RIPARIAN BUFFERS:

- Yes

12) RANKED CHOICE VOTING:

- No
- Rank choice voting would be an expensive investment, which statistically results in outcomes that were the most likely outcome from any voting method. I also have strong concerns that ranked voting would benefit candidates who support moderation when cutting edge, bold, data orientated, and equity centered policy solutions are best.
